## **ABOUT ME**

**I eat books...** figuratively speaking. Much of what I do is read a lot of things that interests me. Much of which is related in the stocks market and the business industry and businessmen. It's pretty inspiring to read stories of people that make it despite all the setbacks that they face and provide value to the market like a side street vendor who became the richest man in the Philippines.

**Music is life...** Listen to Coldplay and you will see the colors of sound, I also like the music of others such as Jason Mraz. The Corrs, Parokya ni Edgar, Ed Sheeran and others.

**Movies... Movies... Movieeeeeesssss...** Looking forward to the sequel of the Avengers and How to Train Your Dragon 3! Loves to watch in the cinema if my wallet allows me to. Hehehe, Or if someone with a kind heart will treat me for a free movie. I'll be your movie buddy for a lifetime.

**Travel toooooooo...** the different places, meet different people and know different cultures. Yeah! Travel is life and nature is life.

**Hoping to...** Meet you in person and talk about what we can collaborate with. Thank you for your time reading this. 😊
